

Highly active in drug discovery & development

The Netherlands provides an unbeatable location for businesses in the pharmaceutical industry. The dynamic and thriving Dutch pharmaceutical sector is characterised by outstanding hubs and clusters linked by first-class physical and digital infrastructure. East Netherlands is home to many pharmaceutical-related companies and institutes. Together they form a complete value chain in the field of drug discovery and development.

East Netherlands: a vibrant Health ecosystem

Only in East Netherlands you can find such a strong, vibrant representation of qualified Health business partners, technologies, talent and government support.

This ecosystem is boosted by a funding injection from the EU of €110 billion Euros, to help companies such as yours to succeed with Life Sciences & Health Europe.

If your company is active in the Health value chain, East Netherlands is the place to be.

Vaxxinova

“The choice for Nijmegen and the East of Netherlands was obvious. Some of our collaboration partners are nearby. We have access to talent and expertise at the universities of Münster, Utrecht and Wageningen. The major airports are easily accessible by train and car. The quality of life in the East Netherlands is excellent, offering a safe living environment, excellent education and good housing at reasonable prices. The East Netherlands Development Agency (Oost NL), together with the Netherlands Foreign Investment Agency (NFIA) supported our establishment and expansions through introductions to their network.”

M Business climate

Health Valley is the largest network in the Netherlands that fosters and supports technological innovations in health care. Health Valley provides a unifying platform for universities, care institutions, companies and governmental authorities to exchange information and collaborate in setting up innovative projects.

The international Health Valley Event in March each year is the largest Health innovation congress in the Netherlands.
